

# **PSHE/SMSC– CURRICULUM INTENT**

## **ASPIRE – CHALLENGE – ACHIEVE**

PSHE/SMSC education is a school subject through which students develop the knowledge, cultural capital, skills and attributes they need to keep themselves healthy and safe. The aim is also to prepare students for life and work in modern Britain. Our students grow up in a complex and ever-changing world and are exposed to an increasing range of influences. The PSHE/SMSC education helps students to develop the knowledge, life skills and attributes they need to manage many of the critical opportunities, challenges and responsibilities they will face as they grow up and in adulthood.

Personal, Social, Health and Economic Education (PSHE) and Social, Moral, Spiritual and Cultural (SMSC) are central to the Trust's ethos. As a Trust we are dedicated to supporting students in their development and underpinning learning in the classroom, school, and in the wider community. As a Trust we encourage students to think about personal and social values, to become aware of and involved in the life and concerns of their community and society and so develop their capacity to be active, effective and responsible future citizens that interact through mutual respect and the study and British Values. We want to develop the qualities and attributes students need to thrive as individuals, family members and well-respected members of society.

Through PSHE/SMSC we want to equip students with the knowledge, understanding, life skills and strategies required to live healthy, safe, productive, capable, responsible and balanced lives. We want to encourage them to be enterprising and support them in making effective transitions, positive learning, career choices, and in achieving economic wellbeing and discuss and clarify their own values and attitudes. The PSHE enhance this by giving a clear understanding of the Protected Characteristics from The Equality Act keeping students safe beyond school life and in the workplace. It is important to the PSHE department that at the end of a student's school life that they are prepared life beyond school. These opportunities come from the material learnt in lessons and extended with a range of approved visitors that come into school. These days allow students to develop their awareness of local, national and wider world issues. Students in Y7 have the opportunity to visit places of different faiths to enhance their cultural awareness.

One of our key aims as a Trust is that PSHE/SMSC education contributes to personal development through positive mental and physical wellbeing. We aim to help students to build their confidence, resilience and self-esteem, to identify and manage risk, make informed choices and understand what influences their decisions. It enables them to recognise, accept and shape their identities, to understand and accommodate difference and change, to manage emotions and to communicate constructively in a variety of settings. Developing an understanding of themselves, empathy and the ability to work with others will help students to form and maintain good and healthy relationships, develop the essential skills for future employability and better enjoy and manage their lives. An effective PSHE/SMSC programme can tackle barriers to learning, raise aspirations, and improve the life chances of the most vulnerable and disadvantaged students.

# PSHE/SMSC– CURRICULUM MAP

Key = Matching colours denote links between topics either in content or skills across Key Stages

	Health and wellbeing		Living in the wider world
	Relationships		Preparing for exams

**1 hour lesson for Y7-8 and 1 hour lesson every fortnight for Y9-11**

<b>Key Stage 3</b>	<b>7</b>	Transitioning into secondary school.	Staying Safe	Physical Health	Diversity	Environmental issues	Careers
	<b>8</b>	Mental Health and Wellbeing	Staying Safe	Being healthy	World Issues	Human Rights	Careers
<b>Key stage 4</b>	<p><i>By the end of Key Stage 3 students will have gained confidence in coping strategies for transitioning from Primary to Secondary school. They will gain an understanding of how they can develop their skills to help their future career paths. Students will have gained knowledge about how to keep their body and mind healthy. They will have an awareness of how to stay safe outside of school. Students should have an awareness of the challenges that the world faces in regards to the environment. They should have gained an understanding of the Protective Characteristics and British Values in the UK and how the UK became a diverse nation. Students will have an awareness of the issues that affect people of all ages across the world e.g. Modern-day slavery, FGM and Forced Marriage.</i></p>						
	<b>9-11</b>	Global Awareness	Issues in Modern Britain		RSE (Relationships & Sex Education)		
		Parliament and democracy	Money Matters		Relationships	Family life	
		Consent	Financial management		Substance Abuse		
<p><i>By the end of Key stage 4 students should be able to understand the difference between healthy and non-healthy relationships and where they can go if they need support. They will be able to understand the importance of consent in relationships. Students will have gained an understanding of different family situations. They will have gained an understanding of how substances both illegal and legal can affect a person's physical and mental state and their future, and awareness of where to go for support. Students will have an awareness of the issues that affect people of all ages across the world e.g. Refugees crisis, racism and homelessness in Britain. They will be able to have an awareness of modern money issues preparing them for life in the future; such as fraud and be able to understand how to manage a budget, bank account and pension. Students will know how democracy work in Britain, how laws are passed and how they vote in local and General elections, including how they protected in law by The Equality Act, students will also have an understanding of the 5 British Values.</i></p>							

SMSC- Tutor time three times a week

9+ 10	E-Safety	Financial Management	November special sessions Remembrance Day, Road Safety Week, UK Parliament Week, Cyberbullying, Interfaith	Diversity, radicalisation and Equality	Relationships	Inspirational Stories	British Values	Law and Order	Ethical Debates	Pride Month	Current Affairs
	Mental health	November special sessions Remembrance Day, Road Safety Week, UK Parliament Week, Cyberbullying.	Substance Abuse	RSE (Relationships & Sex Education)	Life Saving Skills	Self Image	Healthy Body, Healthy Mind	Careers	Spirituality and world culture	Pride Month	Current Affairs
	11	Mental Wellbeing		Revision Techniques		Intervention		GCSE Exams			
<p><i>By the end of Key stage 4 students should be able to understand how keep their mind and body healthy and how to use coping strategies to help them in the build up to exams. Students will learn about the importance of how their digital footprint can affect their future career path. Students will understand how their career option post GCSE and how to be successful in writing CVs and interviews. They have gained an understanding of British Values, diversity and learn vital First Aid and live saving skills. Students will gain an understanding of Relationships and Sex Educations; learning about STIs, contraception, consent, the difference between healthy and non-healthy relationships, sexting, and the dangers of pornography and A.I. Key Stage 5	12	Personal Finance	Health and Wellbeing	Equality, Safety and Diversity	Drugs and Risk Education	Positive Wellbeing	Careers
	13	Personal Finance	Emotional wellbeing	Relationships and Sex Education	Drugs and Risk education		
<p><i>At Key Stage 5, our Social, Moral, Spiritual, and Cultural (SMSC) curriculum is designed to provide our students with a holistic education that prepares them for the challenges and opportunities they may encounter in their personal and professional lives. Through a comprehensive range of subjects and topics, we aim to foster the development of well-rounded individuals who are socially responsible, emotionally resilient, and culturally aware. Through our Key Stage 5 SMSC curriculum, we aim to empower students with the essential skills. As well as looking to develop our students and ready them for life outside of school, our SMSC curriculum also looks to deepen their knowledge, and raise awareness, of issues regarding their own personal safety and the safety of others.</i></p>
